Job Title

Amharic Personalized Internet Assessor - Ethiopia

Department

Please Note: We are unable to offer more than one Personalized Internet Assessor position per IP address.

Project

What does the job involve?

In this job you will be reviewing online search results in order to improve their content and quality. You will be required to provide feedback and analysis on content found in search engine results and provide ratings on their relevance to the search terms used. Another aspect of this role will involve reviewing the Amharic language used in the search results by examining grammar, tone and cultural relevance.

Through this work you will be making a valuable contribution by expressing your opinion on the quality and content of what is currently out there on the web. You will play a part in improving the quality of one of the largest search engines in the world using both your PC and required Smartphone device.

Tasks

Who is suitable for this job?

We are currently seeking dynamic and creative people who have a strong interest in social media, specifically those who are an active daily user of Gmail. We also require suitable candidates to own & use a smartphone – Android or iPhone – and have a familiarity with other forms of social media and Google products.   You should also be flexible, reliable and have the ability to interpret and follow established guidelines.

You will have the flexibility and freedom to work from your own home, working your own hours. Hours for this role are up to 20 hours per week depending on task availability. We are currently seeking people who have a specific smartphone device (Android 4.1 or higher or iPhone 4S or higher) to complete tasks.

Requirements

What are the main requirements for the job?

• You must be fluent in written and verbal English and Amharic
• You must be living in Ethiopia for the last 5 consecutive years
• You must own and use a Smartphone (Android V4.1 or higher or iPhone V4S or higher) to complete tasks.
• The majority of the task types will require both a desktop/laptop and a Smartphone

• Gmail must be your primary email account
